

Providing Pediatric Ophthalmological Services to Children Ages 0-18 Since 1996

## ADDED HIGH-TECH EXAM ROOMS ENHANCE CARE - MINIMIZE WAIT TIMES

Dr. Violeta Radenovich, founder and CEO of the *Children's Eye Center of El Paso* announced the recent addition of four high-tech exam rooms. "Since our inception in 1996, our goal has been to provide the highest quality pediatric eyecare available anywhere in the world. To this end, all our exam rooms feature the latest technology for diagnosing and treating eye diseases in addition to providing an environment that helps children feel safe and secure. The additional exam rooms will further minimize wait times as we continue to add staff to insure the highest level of patient care."

During construction of the additional exam rooms, significant upgrades were made to the patient check-in area, waiting room and other areas within the clinic.
